Reference: FCC Docket Nos 96-45, 98-171, 90-571, 92-237, 99-200, 95-116, 98-170
and NSD File No. L-00-72.

Dear FCC:

I feel that the increase in the USF fees is not in our best interest at this time. Tracfone being a pre-paid service is primarily use for emergency purposes for it's subscribers so interstate calls are at an extreme minimum. These charges would be unfair to charge to pre-paid services. I am currently unemployed and any increases would be a hardship for me. Please reconsider your plan to increase the USF fee as it is not in the consumers best interest at this time, especially pre-paid services as to the nature of there use.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Robert C. Citrak
